

ACTION TAKEN REPORT ON FEEDBACK FOR THE A.Y. 2021-22

Internal Quality Assurance Cell of Sri A.B.R. Government Degree College, Repalle encourages all the departments to obtain feedback on curriculum from the Students, Employers, Teachers and Alumni. The questions touch upon the curricular aspects like coverage of syllabus, communication skills of teachers, availability and usage of ICT facilities, relevance of course structure to the course objectives and the research orientation in the course design, technical skills for employability, relevance of the course content to improve creativity and innovation, applicability of course design to real life situation etc.

After analyzing the feedback reports, IQAC discussed it with Principal and concerned departments. After thorough discussion, the suggestions are implemented for the betterment of the institution.

All responders from Students, Employers, Teachers and Alumni have given their response positively regarding curricular aspects. Whereas only a less percentage of students suggested to further improve infrastructure and student support facilities such as Library, Sports and Games facilities, Anti Ragging practices and Encouragement of cultural activities etc. Even though they feel satisfied about curricular aspects, our college management tries its level best to improve the academic standards and infrastructure facilities for the benefit and better future of the students.
